THE ALEXANDRIA INFIRMARY.—We ask the attention of our citizens to the following testimonials of the physicians who have kindly and gratuitously given their attendance for years past to the patients of the Infirmary. We regret to know that the managers are at present very much in need of funds, and hope they will be supplied :

ALEXANDRIA, VA., June 9, 1879. We, the undersigned medical attendants of the Alexandria Infirmary, do hereby certify that this iestitution, which has been for several years dispensing charity to the afflicted poor, has been the means of doing great good in this community, and that the managers of the charity are deserving of all the support and assistance which it may be in the power of the public to give.

WM. GIBSON, M. D.

B. BROWN, M. D.

E. A. STABLER, M. D.

As consulting physician, I have had the opstitution as the Infirmary, and to artest, as I do, the success of its managers and domestic attendants in making it as useful as the means in their hands will allow. It must be plain to every one that an institution of the kind is of the first necessity in every city, and that this one has the strongest claims to be liberally supported.

FATAL ACCIDENT. - As the material train on the Virginia Midland Realroad was backing through a cut near Bark's Station, about 5:30 o'clock last evening, the first car ran over two esws, which were standing on the track just around a sharp curve. The cows were killed and three light cars were thrown from the track. One of the tegro laborers on the working gang. named Williams, was caught between the cars and mashed to death. He was a single man, but had an auot and brother in law in this city. The remains of the dead man were brought to this city, placed in a coffin and turned over to his relatives for burial. The assident did not delay the other trains on the road.

THE NEW JUDGE .- The commission from Gov. Holliday appointing Charles E. Stuart, erq., as Judge of the Corporation Court of this city, vice E. M. Lowe, deceased, was received this morning. It continues in force until thirty days after the commercement of the next session of the General Assembly, by which time a Judge will have been elected. Judge Susre his not yet qualified, preferring to settle up tome unfigisbed law business first, but will probably do so in a few days. As the oath can be taken before any Notary Public, the qualifi cation will only consume a few minutes.

PERSONAL .- The Washington Capital says "Os the first of next month Mr. Courtland II. Smith will take his seat as mayor of the city of Alexandria. Mr. Smith is the youngest man who has ever held this office, and his election is due alike to his popularity as a man, his istellectual capacity and his integrity as a gen tleman. He was elected on the democratic ticket almost thoroughly unanimously over his republican opponent, and will fill the office with the ease and grace of a well read lawyer and a popular gentleman."

SOUTHERN MEMORIAL ASSOCIATION .- The Southern Memorial Association held a meeting at the Sun engine house, last right, with General M. D. Corse in the chair and J. R. Zimmerman, Secretary. Only tusiness of a routine character, and of no general interest was transacted, after which the meeting adjourned until Friday night, when every member is expected to be present.

REPUBLICAN COMMITTEE.-The executive committee of the republican party for the city met yesterday, at Odd Fellow's Hall, south Columbus street, and, after transacting some routine business, expelled Geo. Hobday, of the 2nd ward, for acting in concert with the democratic party in the last election while yet a member of the reputlican committee. G. II. Thompson was elected secretary.

ST. JOHN'S UADETS .- A letter received from River Springs, Md., yesterday evening, says that the Cadets of St. John's Academy are all well and erjoying themselves. They have been the recipients of many acts of courtesy and kindness from the citizens, who gave them a ball last night. This evening they leave for Leonardtown, arriving home to morrow after-

BITIEN BY A MAD DOG .- Oa Saturday last two children of Ateck Butler, colored, who lives near Broad Creek, below this city, were severe ly bitten by a dog supposed to be mad. The father went for a guo, but before he returned the dog had disappeared. The customary remedies were applied, and up to this time the children have experienced no bad effects from

Y. M. C. A .- The regular menthly meeting el this Association will be held to-night at 8 o'clock in the basement of the Baptist Church. The members are again notified that the usual distribution of the monthly notices has been abandoned, and they are again likewise informed that this meeting is an important one, and that a punctual attendance is desirable.

FROM WASHINGTON.

Special Correspondence of the Alexa. Gazette. WASHINGTON, D. C., Jone 17, 1879. SENATE.

The Senate to-day passed a bill by which canal boats shall not be required to be licensed. The Army Appropriation bill was then reported by Mr. Withers. The republicans will oppose in vigorously, some of their biggest gues having announced their intention of fixing a shot at it. THE HOUSE

The House this morning passed a bill report ed by Mr. Acklin from the Committee on Con. morce, who, by the by, has been very active in the performance of his legislative duties this session, providing for a survey of the Mississippi river at Vicksburg, so that the State survey of the river at that point may be substantiated. The ultimate object of these surveys is to prevent the change in the channel of the river at Vicksburg, now in progress by reason of the wearing effect of running water, and which, if not stopped, and that speedily, will make that port an inland city.

A supplemental appropriation bill, providing for the payment of the salaries of Messrs. Schloicher and Clark, dectased members of the House, to their widows, and also for the payment of several small sums to cierks and other employees of the House, reported from a conference committee, was passed. The legislative appropriation bill was then reported, some of the Senate's amendments having been concurred in and others having been rejected by the Committee on Appropriations. Quite a spirited debate sprang up on this bill between Messrs. Townsbend, democrat, of Illinois, and Mr. Atkins, democrat, of Tennessee, who re-ported it. Mr. Townshend wanted the salaries of the Senate's and House's employees equalized, the employees in the doorkeeper's departs ment of the former exceeding in number those of the latter by two, and receiving nearly ten thousand dollars more in the way of salaries. During this debate Mr. Atkins gave way for Mr. Townshend to ask a question, when the latter availed himself of the opportunity to make a speech, in which he criticized the speed with which the bill had been forced through the House, and its non conformity with the democratic cry of retrenchment and reform. Mr. Atkies endeavered to shut him off, but failing, said he had "abused his privilege." To this Mr. Townshend replied "that lies with the wisdom of the House." The bill was floally agreed to and referred to a committee of conference. The resolution preventing political assessments then came up and was denounced by Mr. Conger as the "most infamous of all the bills yet hatched by the democratic caucus." When reminded that the bill was not the product of the caucus, he replied, "Not the pro-duct of the caucus! Why, no democrat here dares'ot breathe unless by the consent of the

DEMOCRATIC CAUCUS

A caucus of the democratic members of the Senste was held this morning to consider the Coke resolution and the acceptance of Mr. Bayard's resignation as chairman of the Finance Bayard's resignation as chairman of the Finance Committee. Mr. Gordon made a conciliatory speech, but Messre. Coke and Voorbees talked out in meeting and said that the Silver bill ought to be allowed to come before the Secate, and that if Mr. Bayard believed that its presentation thus involved the necessity of the resignation of his chairmanship, only the Pinance Committee would have to lose him. No vote was taken on either motion and the caucus adjourned until to merrow. It seems to be pretty well understood, however, that the bill will not be reported this session, and that the resignation will not be accepted.

COMMITTEES. Oxing to the session of the democratic cau cas of the Senate this morning neither the Fuance nor the Elections Committees of that body held meetings. Mr. Ingalis has been wise eccugh to regign his position on the latter and to have Senator Logan put in his place, but should either Mr. Vance or Mr. Hill agree to vote with the other democrats on the committee the investigation of the bribery charges against Mr. Ingalis will be ordered, and if that investigation is once commenced people here who are familiar with the whole case assert their confident bolief that the result of it will be a vacant chair in the Senate from Kansas, bottles 20c. and that if proper care be taken about filling it its next occupant will be a democrat.

construing a section of the revised statutes so for sale by as to provide that no tariff shall be imposed on imported goods made free or increased on those on which the tariff was fixed by the act of

The Ways and Means Committee of the House met this morning and appointed Mr. Mills, of Texas, in the place of Mr. Carlisle, who his gone home on the sub committee to whom has been referred the bill for the cancellation of experted tobacco bonds.

APPOINTMENTS.

The President sent the following nominations to the Senate to day : C. R. Wilkinson, to be postmaster at Vinton, Iowa.

Among the promotions are: Capt. Henry E Noyes, to be a major; 1st lieutenants to be esptains, Samuel S. Hamilton and Jacob O. Augur; 2od lieutenants to be 1st lieutenants. Chas. B. Schofield, Hall S. Bisnop and Wm.

H. Carter. NOTES.

It seems to be generally understood to day that Mr. Hayes will sign both the legislative and army appropriation bills, but that he will certainly veto the judicial bill, and that if Congress adjourns without providing for the appropriations contained in the latter ho will reconvene it at ore.

It is believed that the Appropriation Committee of the Senate will report the House reso-

Tuesday as the day.

Mr. Hayes, it is said, is not so keen about availing himself of opportunities for values as he was, and that a damper in this respect has been thrown upon him by reason of the hesitancy the democrats of the Senate manifest with regard to the confirmation of some of his appointments.

It is rumered that the National Board of Health will adept the Gaingee plan for the dis-infecting ship. If this be so, the ship will be built at the Portsmouth navy ya: d Mr Jorgenson has returned to the House, but Mr. Richmond will leave for the session next

Saturday, whether the House adjourns or not.

J. H. Close applied to a mazistrate here to day
for a warrant for the arrest of Levi Pumphrey,
whom he accuses of having robbed him of \$50.
